(Continued from previous page.)

numbers of these two species will work their way into coastal bays and their connecting rivers and bayous all along the Mississippi coastline. Now, late summer and early fall fishing in areas like the Back Bay of Biloxi, Graveline Bayou, Bay St. Louis, Pearl River, and the Pascagoula River will deliver fine late season action.

Both white trout and ground mullet will eagerly eat fresh dead shrimp, squid, and cut bait from the fillet of a croaker. Although shrimp is excellent, small reef fish like croakers, grunts, and pinfish love it, too, and can quickly pick the soft shrimp off the hook. Thus, tougher baits like squid and cut bait last longer on the hook under such conditions.

At times, the bite on white trout can get so intense that by switching to soft-plastic baits, threaded on a quarter-ounce jig head, fish can be caught one after the

(Continued next page.)
